

SMALL WORKS EXHIBIT 2015

Overview:

This non-juried exhibit will feature tiny works inspired by any previous GNSI conference. Original work is preferred, but good quality prints are acceptable. These pieces can be executed in any medium and may reflect your real or imagined experience. They can be representational or abstract!

Specifications:

The artwork should not exceed 3.5 inches by 4 inches, with an 1/8 inch bleed all around for framing. You create the art and we will frame it! Please include a \$15 check for the framing fee for each entry, UNLESS you donate your work to the annual auction -- then the fee is waived! Send art only! There is no limit on the number of entries!

We encourage you to offer your Small Works pieces to the auction to help raise money for the GNSI general Operating and Education Funds.
